

## **Riverside continues to build affordable senior housing and provide jobs**

Vintage at Snowberry

Affordable housing for seniors continues to be a top priority for Riverside. A project currently under construction will help the City meet its senior housing goal while providing jobs for local construction workers.

The Village at Snowberry, a 222-unit affordable senior apartment complex, is under construction in Riverside. The City Council approved \$4.5 million in housing funds for this project, a 10.7-acre development near Colorado Avenue and Snowberry Street.

The developer, USA Properties Fund Inc., will offer one- and two-bedroom units for rents ranging from \$374 to \$898 a month.

This project brings hope to a neighborhood that has dealt with nuisances and unsightly damage to the existing vacant site and to construction workers during a time of high unemployment. Currently, the project provides approximately 100 construction jobs.

The complex is close to Arlington Avenue bus routes and the Janet Goeske Senior Center and is estimated to be complete in February 2012.
